ELECT CLUB HEAD

JOHN CLARY, CLEARMONT PRESIDENT OF GOOD ROADS CLUB.

DISCUSSED ROAD NEEDS

Members Decide to Get Busy and Swing Nodaway County Into Line With Other Counties.

John Clary of Clearmont was elected president of the Nodaway County Automobile and Good Roads club, which organized permanently yesterday afternoon at the office of Dr. C. T. Bell. The other officers elected were: vice-president, John Gex of Graham and secretary-treasurer, E. M. Claypool.

Mr. Clary was authorized by the constitution and by-laws which were also voted on and accepted at this meeting, to appoint an executive committee consisting of one man from each of the fifteen townships of the county. These men will assist in carrying on the real work of the organization. Mr. Clary will announce his choice in a few days.

Some of the meeting time was occupied with a discussion of the road conditions in Nodaway county. It was acknowledged by the members of the club, that Nodaway county is not keeping pace with the other counties in caring for its roads. The fact was pointed out that Andrew, Gentry, DeKalb, Worth and Holt counties have already formed their permanent organizations and are now in a position to take up the movement for the improvement of their roads, while Nodaway county had not a permanent organization until yesterday. The members agreed that they would have to get busy immediately and get their county into line with the progressive counties of the state.

House Bill No. 5 and House Bill No. 38 were also discussed and compared. It was decided that the latter bill was just a makeshift for the former. House Bill No. 38 was originated by Representative Shannon and provides that the present Highway commissioner and his department hold or continue and that a commissioner to handle the federal funds exclusively be appointed. This, in the opinion of the members, would make the expense of running the two separate organizations greater and thus some of the money would be diverted from its use in bettering the roads.

H. C. BOWER SELLS OUT

Disposes of Hardware Stock to J. C. Kessler of Alva, Okla.—Mr. Bower Makes No Plans.

H. C. Bower yesterday sold his hardware stock to J. C. Kessler of Alva, Okla. Mr. Kessler will take possession of the store at once and will conduct the business himself.

Mr. Bower, who has been a resident of Maryville for five and a half years, came here from Kansas, and has been active in business and in church life ever since. He says that he has made no definite plans for the future, but will remain in Maryville until the graduation of his daughter from High School.

Mr. Kessler's family will move to Maryville next week. He has been in the hardware business in Oklahoma for some years, and will conduct his business along the most improved lines.

H. S. TEAM ON 3-DAY TRIP

Boys Left This Morning For Stanberry to Play Tonight—At Albany and King City Before Return.

The High School basketball team left this morning on a three-day trip which will include stops at Stanberry, Albany and King City. Games will be played at these places on Thursday, Friday and Saturday nights, respectively. The team will return Sunday.

Those who will make the trip are Egley, Holmes, Condon, Martin, Woodward, Groppe, Pickens, Hutchison, and Coach Schultz. Prof. J. M. McDonald; Dr. Jesse Miller and Lee Carpenter, members of the school board; Ralph Wray and Paul Miller will motor over to Stanberry this afternoon.

The team is not in the best of condition. Several of the fellows have bad colds, and Groppe has been out of the game because of an injured foot. Three extra men are being carried in case any of the regulars are unable to play.

All three games will be hard. Maryville defeated Stanberry here by a score of 38-23, but will be at a great disadvantage on the Stanberry court. The game Friday night with Albany will be the hardest of the three to win. Albany won here and will probably win on their own court. The last game of the trip, the King City game Saturday night, is expected to result in a victory for Maryville, if the team is in condition to put up its best game. Altogether, two wins out of the three games will be a very creditable record.

Returns at Democrat-Forum.

Returns from all the games will be received at the Democrat-Forum office a short time after the game is over. High School fans may obtain the results by calling at this office.

MAJOR'S LECTURE

UNIVERSITY LANDSCAPE ARTIST HAS MESSAGE FOR MARYVILLE.

ALL URGED TO ATTEND

Professor Leeson Says Come Whether You Have Any Present Interest Or Not.

The lecture by Prof. H. K. Majors, landscape architect of the University of Missouri, which will be given at the High School auditorium at 7:45 o'clock Friday evening, is one that should be attended by every person interested in the beautification of Maryville. Professor Majors is a past master of the art of planning and beautifying lawns and garden plots, as the campus of the University of Missouri will show, and he has a message for every home owner in the city and in the country.

Prof C. C. Leeson comments on his lecture as follows:

"A survey of the ornamental planting about the homes of Maryville shows much lack and many faults in attempts to beautify home grounds. Many people, because of their unacquaintance with plants, make no attempt at planting and their houses look bare-walled and unattractive.

"Others buy a shrub or two occassionally and usually put it just where it ought not to be, viz., in the middle of the largest space of lawn they have, and in the course of a few years scattered planting results with no plan evident and no open lawn, both of which are essential to good taste in ornamental planting.

"Others again mark out fancy beds, set up ornamental devices as stone piles, washtubs, cart wheels and what not, when none of these have a proper place in the front lawn. The shrubs or other plants if well chosen should speak for themselves.

"Still others count the expense as too great and utter neglect results, when in reality a little well directed thought will show remarkable possibilities in a very small expenditure, especially with the opportunities afforded the public this year.

"It is for just this purpose, of correcting erroneous ideas and encouraging well directed effort that the illustrated lecture has been secured for Friday evening of this week. This is to be given by a man of wide repute and extensive experience, Prof. Horace K. Majors of the University of Missouri. His subject, "Community Improvement and the Development of the Home Grounds," is to be one that will appeal to every citizen. He has a large set of colored slides which he has accumulated through years of experience and these alone should be equal to the best picture show on the market. Persons who stay at home and let this lecture go by will be missing a privilege that comes rarely to an audience in Maryville. Come and get informed on the principles of ornamental planting, whether or not you have any present interest in doing work of this kind.

"This lecture will cost a good amount of money, but through the cooperative effort of the clubs of Maryville it is to be open free to the public."

PROCEEDS TO BAND BOYS

Money Received From Concert and Reception Will Go to Fourth Regiment Band Boys as Gift.

The proceeds of the concert to be given by the band boys at the Empire Theatre in connection with the reception accorded them on their return to Maryville from the border will be given to the boys in acknowledgement of their patriotism and service to the United States.

An address of welcome will be the first thing on the program on that evening. It will be followed by a concert, part of which will be given by the Fourth Regiment band and part by persons chosen by the entertainment committee of the Commercial Club. The picture scheduled for that night at the Empire Theatre will also be shown to the audience as the offering of Manager Albert Kuchs to the program.

Numerous incidental expenses will be contracted while the boys are the guests of the city, and in order to take care of these, Joseph Jackson, Jr., president of the Commercial Club, has appointed a committee, John Price and W. C. Pearson, to take charge of the matter and to raise money for these expenses.

One of the features of the evening decorations will be a large illuminated flag which will be placed probably in the balcony of the court house. This flag will be erected and lighted by the Maryville Electric Light and Power company. In addition to this, the business section of the city will be decorated with flags, streamers and bunting. The merchants are taking lively interest in the affair and will take the advantage of the opportunity to dress their windows in the national colors. Moreover, every public spirited citizen will take out the Fourth of July flag and hang it from his house in some conspicuous place.

The question of the time of the reception has not yet been decided. Secretary Claypool telegraphed Prof. T. B. Maulding to let him know at once the exact time that the start for home from Fort Riley will be made.

GOT A NEW HANDKERCHIEF?

To Be in Style and to Be Patriotic You Must Have A "Stars and Stripes" Handkerchief.

Got your patriotic handkerchief? Well, if you haven't, you are far behind the times so far as style goes.

Just in from New York this morning, they caused a furore of excitement down town—almost like a bargain sale. The women bought them, the children bought them, and even a few of the bravest of the masculine element slipped into the drygoods stores and purchased one.

And no wonder! They are the hit of the season, and go so well with "The Star Spangled Banner," or "My Country, 'Tis of Thee."

They are of a good quality of white silk with a red and white border of stripes. The corners are white and are sprinkled with the blue stars, so there you have 'em—the stars and stripes and your handkerchief right with you.

Another handkerchief that is "quite the rage" today has a striped red and white center. Around the white border the blue stars are assembled, and there you have them again—the stars, the stripes and your handkerchief.

CENTRAL DEFEATED

"BEARCATS" BEAT VISITORS IN A FAST GAME — 35-32.

PLAY PRELIMINARY GAME

Hopkins Public School Wins From the Normal Training Boys With A Score of 16-8.

The Bearcats again demonstrated their ability to play basketball, when they defeated the fast Central team in the Normal gymnasium, last night with a score of 35-32. The game started with a rush, Central getting the first field goal. The score was evened when "Gimlet" Scott threw a field goal and "Chido" Scott threw a free throw. From that time until the end of the first half the score was never very close. The half ended with the Bearcats holding the sunny side of the score, which was 21 to 16.

The second half saw Central brace up and outplay the Bearcats. They threw several goals while uncovered after receiving long passes. The floor work of the Bearcats was excellent. They were able to uncover themselves and to receive the short, quick passes well. They made fourteen points the last half, while Central made sixteen points. "Chido" Scott was removed from the game in the last few minutes of play, on account of making four personal fouls, and Hahn was sent in in his place.

"Gimlet" Scott played the star game for the Normal. He was especially fortunate during the first half when he threw several long shots. He lacked one goal of making as many during the first half as Central made in open play.

"Dad" Scarlett played an excellent game as did "Chido" Scott. During one of the intervals of the game one of the Central players remarked to his coach, "Those Scotts sure need watching." Hahn, who substituted for "Chido" Scott played a good game, and dropped in one field goal.

It is difficult to say just who, of the Central players played the best. They were all fine players and all dropped in at least one field goal. Ezell threw four fied goals and was good at throwing free throws. Ginn and Haw played fine floor games and threw three and two field goals respectively. Hestler, their happy guard, was injured during the latter part of the last half and Smith was sent in his place.

"Chido" Scott showed up in fine form on throwing free throws, getting eight out of ten tries. "Gimlet" Scott threw one out of two tries.

The line-ups were: Bearcats—"Chido" and "Gimlet" Scott, forwards; "Agnes" Garard, center; "Dad" Scarlett and Wells, guards; substitutions, Hahn for "Chido" Scott.

Central—Ezell and Ginn, forwards; Drace, center; Hestler and Haw, guards.

Free throws—"Chido" Scott, 8 out of 10 tries; "Gimlet" Scott, 1 out of 2 tries; Ezell 10 out of 14 tries. Referee, D. Keedy Campbell of Kansas City.

The field goals were thrown as follows: "Chido" Scott, 3; "Gimlet" Scott, 6; "Dad" Scarlett, 3; Ezell, 4; Ginn, 3; Drace, 1; Hestler, 1; Haw, 2.

The preliminary game between Hopkins public school and the State Normal Training school resulted in a victory for Hopkins, 16 to 8. The line-up was Hopkins: Lewis and Florea, forwards; Garrison, center; Miller and Laiplie, guards. Training school: Farmer and Roelofson, forwards; French, center; King and DeArmond, guards. Referee, Harold Staples of the Normal.

The Normal is scheduled to meet the Tarkio quintet tomorrow night in the Normal gymnasium. This game will be the last of the season for the Normal.

Maryville and Tarkio have always been rivals. Maryville has never defeated Tarkio twice in the same season but they stand a good chance of accomplishing the feat this year. They defeated Tarkio at Tarkio by a score of 30-14. Since then Tarkio has evidently improved as they defeated Central by the same margin as the Normal did last night. The scores were 31-28 and 35-32. A fast game is assured.

A marriage license was issued today for Harry S. McDowell of Clearmont and Georgie E. McCormick of Maryville.

Mrs. J. H. Yeates and baby of Pickering, were in Maryville on business Monday.

Wilson Endeavors to Convince Congress of Necessity of A Large Appropriation.

Special to The Democrat-Forum.

Washington, Feb. 22.—Far more serious than the war menace seemed the situation confronting the United States today because of the great shortage of food stuffs and fuel. Officials appear powerless to find a remedy for the conditions and Wilson is endeavoring to convince Congressional leaders of the urgent necessity of a large appropriation to permit a real probe into the reason behind the famine. In those cases where the Bacterins-Phyiocogens and Sero-bacterins are indicated, the results are immediate and permanent, we do not use them exclusively or in all cases, as electricity, medicine, vibration, hydrotherapy, in fact, all means are at our command in the treatment of disease and the up-to-date specialist uses them all according to the indications and remains free of all fads. Our success is due largely to exact diagnosis, complete equipment and every facility, which the average general practionner does not possess.

New Spring Suits

at $25 and $29.50

WE now have on display a wonderful assortment of the smartest suits ever displayed by this store. These are of the Wooltex and other high grade makes and are correct in every detail—styles—colorings—and refined beauty from every angle. And the most interesting part of this new assortment is the prices. These were contracted early and we are thereby giving you the same values at $25 and $29.50 that we gave last season—we are giving you, in every instance, better values than we could possibly give if they were secured on today's market.

The colors of these popular priced suits are Gold, Mustard, Navy, Jap Blue, Gray, Green and Fancy checks. Straight-line jackets with the fullness, wherever employed, confined by plaits, gatherings and belts give the correct youthful lines to these new models.

Large collars with a white top—collar of broadcloth or silk is a strong feature.

Cuffs, pockets, collars and belts with harness and other fancy stitching of silk thread in contrasting or harmonizing colors.

The majority of suit skirts are made on simple straight-line effects, and are shirred on the belt at the back. Pockets of the mannish effect are featured on the new style skirts. The skirts are from 2 to 2½ yards around at the hem.

Poplin, Serge and Gabardine are the materials employed in the creation of these new models at $25 and $29.50.

Other beautiful new suits at..... $18.75 to $47.50

Why don't you come in and see how youthful these new modes will make you look? There's no obligation to buy, though of course, the early choosers have the added pleasure of appearing stylishly and becomingly dressed the whole spring.

MERCHANT'S WIFE ADVISES MARYVILLE WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL benefited me INSTANTLY." Because Adler-i-ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. A CLEVER MUSICAL COMEDY

"This is the Life," Comes to Empire Theatre Tonight — The Cast Carefully Selected.

The management of the Empire Theatre takes pleasure in announcing the coming of one of the latest and best musical comedies, which will appear at the Empire Theatre tonight.

"This is the Life," promises to exceed the laughter limit with its clean, bright, wholesome comedy. It has been many years since the theatre-going public have had an opportunity to witness a musical comedy of this kind. Halton Powell considered to be one of the largest producers of musical comedies in the West, has spared no expense in launching this organization, selecting the best to uphold his years of reputation.

The cast, which has been carefully selected, are well known to musical comedy lovers, having appeared in the larger cities with well-known productions. The chorus of young and pretty maidens sing and dance gracefully Mr. Powell's brand of "girl" shows has never failed to please the most critical audience, because he is quick to anticipate the public wants and never disappoints.

"This is the Life," which will appear here for the first time comes well recommended and judging from the newspaper criticism of other larger cities it will be the best musical comedy that will play here this season. The scenic production is carried complete and the costumes are said to be magnificent. It is safe to say that you will not go wrong when you witness "This is the Life."

Don't sign your name to an agent's order for nursery stock when you can buy true to name stock near home. State inspected, fully guaranteed direct from the reliable Murray Nurseries of Oregon, Mo., and save agents' commissions.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Poor Ventilation Causes Colds

A large manufacturing concern found poor ventilation in their offices caused their employees to have colds and that every cold meant a loss of $24.00 to the business.

How much do you lose when you have a cold?

You may be an employee, you both lose; it is expensive and dangerous.

A cold does not get well of itself. Take no chances. Eat right, avoid exposure and drafts.

VOLUME 7. MARYVILLE, MISSOURI, THURSDAY, FEB. 22, 1917. NO. 226.

ELECT CLUB HEAD

JOHN CLARY, CLEARMONT PRESIDENT OF GOOD ROADS CLUB.

DISCUSSED ROAD NEEDS

Members Decide to Get Busy and Swing Nodaway County Into Line With Other Counties.

John Clary of Clearmont was elected president of the Nodaway County Automobile and Good Roads club, which organized permanently yesterday afternoon at the office of Dr. C. T. Bell. The other officers elected were: vice-president, John Gex of Graham and secretary-treasurer, E. M. Claypool.

Mr. Clary was authorized by the constitution and by-laws which were also voted on and accepted at this meeting, to appoint an executive committee consisting of one man from each of the fifteen townships of the county. These men will assist in carrying on the real work of the organization. Mr. Clary will announce his choice in a few days.

Some of the meeting time was occupied with a discussion of the road conditions in Nodaway county. It was acknowledged by the members of the club, that Nodaway county is not keeping pace with the other counties in caring for its roads. The fact was pointed out that Andrew, Gentry, DeKalb, Worth and Holt counties have already formed their permanent organizations and are now in a position to take up the movement for the improvement of their roads, while Nodaway county had not a permanent organization until yesterday. The members agreed that they would have to get busy immediately and get their county into line with the progressive counties of the state.

House Bill No. 5 and House Bill No. 38 were also discussed and compared. It was decided that the latter bill was just a makeshift for the former. House Bill No. 38 was originated by Representative Shannon and provides that the present Highway commissioner and his department hold or continue and that a commissioner to handle the federal funds exclusively be appointed. This, in the opinion of the members, would make the expense of running the two separate organizations greater and thus some of the money would be diverted from its use in bettering the roads.

H. C. BOWER SELLS OUT

Disposes of Hardware Stock to J. C. Kessler of Alva, Okla.—Mr. Bower Makes No Plans.

H. C. Bower yesterday sold his hardware stock to J. C. Kessler of Alva, Okla. Mr. Kessler will take possession of the store at once and will conduct the business himself.

Mr. Bower, who has been a resident of Maryville for five and a half years, came here from Kansas, and has been active in business and in church life ever since. He says that he has made no definite plans for the future, but will remain in Maryville until the graduation of his daughter from High School.

Mr. Kessler's family will move to Maryville next week. He has been in the hardware business in Oklahoma for some years, and will conduct his business along the most improved lines.

H. S. TEAM ON 3-DAY TRIP

Boys Left This Morning For Stanberry to Play Tonight—At Albany and King City Before Return.

The High School basketball team left this morning on a three-day trip which will include stops at Stanberry, Albany and King City. Games will be played at these places on Thursday, Friday and Saturday nights, respectively. The team will return Sunday.

Those who will make the trip are Egley, Holmes, Condon, Martin, Woodward, Groppe, Pickens, Hutchison, and Coach Schultz. Prof. J. M. McDonald; Dr. Jesse Miller and Lee Carpenter, members of the school board; Ralph Wray and Paul Miller will motor over to Stanberry this afternoon.

The team is not in the best of condition. Several of the fellows have bad colds, and Groppe has been out of the game because of an injured foot. Three extra men are being carried in case any of the regulars are unable to play.

All three games will be hard. Maryville defeated Stanberry here by a score of 38-23, but will be at a great disadvantage on the Stanberry court. The game Friday night with Albany will be the hardest of the three to win. Albany won here and will probably win on their own court. The last game of the trip, the King City game Saturday night, is expected to result in a victory for Maryville, if the team is in condition to put up its best game. Altogether, two wins out of the three games will be a very creditable record.

Returns at Democrat-Forum.

Returns from all the games will be received at the Democrat-Forum office a short time after the game is over. High School fans may obtain the results by calling at this office.

MAJOR'S LECTURE

UNIVERSITY LANDSCAPE ARTIST HAS MESSAGE FOR MARYVILLE.

ALL URGED TO ATTEND

Professor Leeson Says Come Whether You Have Any Present Interest Or Not.

The lecture by Prof. H. K. Majors, landscape architect of the University of Missouri, which will be given at the High School auditorium at 7:45 o'clock Friday evening, is one that should be attended by every person interested in the beautification of Maryville. Professor Majors is a past master of the art of planning and beautifying lawns and garden plots, as the campus of the University of Missouri will show, and he has a message for every home owner in the city and in the country.

Prof C. C. Leeson comments on his lecture as follows:

"A survey of the ornamental planting about the homes of Maryville shows much lack and many faults in attempts to beautify home grounds. Many people, because of their unacquaintance with plants, make no attempt at planting and their houses look bare-walled and unattractive.

"Others buy a shrub or two occasionally and usually put it just where it ought not to be, viz., in the middle of the largest space of lawn they have, and in the course of a few years scattered planting results with no plan evident and no open lawn, both of which are essential to good taste in ornamental planting.

"Others again mark out fancy beds, set up ornamental devices as stone piles, washtubs, cart wheels and what not, when none of these have a proper place in the front lawn. The shrubs or other plants if well chosen should speak for themselves.

"Still others count the expense as too great and utter neglect results, when in reality a little well directed thought will show remarkable possibilities in a very small expenditure, especially with the opportunities afforded the public this year.

"It is for just this purpose, of correcting erroneous ideas and encouraging well directed effort that the illustrated lecture has been secured for Friday evening of this week. This is to be given by a man of wide repute and extensive experience, Prof. Horace K. Majors of the University of Missouri. His subject, "Community Improvement and the Development of the Home Grounds," is to be one that will appeal to every citizen. He has a large set of colored slides which he has accumulated through years of experience and these alone should be equal to the best picture show on the market. Persons who stay at home and let this lecture go by will be missing a privilege that comes rarely to an audience in Maryville. Come and get informed on the principles of ornamental planting, whether or not you have any present interest in doing work of this kind.

"This lecture will cost a good amount of money, but through the cooperative effort of the clubs of Maryville it is to be open free to the public."

PROCEEDS TO BAND BOYS

Money Received From Concert and Reception Will Go to Fourth Regiment Band Boys as Gift.

The proceeds of the concert to be given by the band boys at the Empire Theatre in connection with the reception accorded them on their return to Maryville from the border will be given to the boys in acknowledgement of their patriotism and service to the United States.

An address of welcome will be the first thing on the program on that evening. It will be followed by a concert, part of which will be given by the Fourth Regiment band and part by persons chosen by the entertainment committee of the Commercial Club. The picture scheduled for that night at the Empire Theatre will also be shown to the audience as the offering of Manager Albert Kuchs to the program.

Numerous incidental expenses will be contracted while the boys are the guests of the city, and in order to take care of these, Joseph Jackson, Jr., president of the Commercial Club, has appointed a committee, John Price and W. C. Pearson, to take charge of the matter and to raise money for these expenses.

One of the features of the evening decorations will be a large illuminated flag which will be placed probably in the balcony of the court house. This flag will be erected and lighted by the Maryville Electric Light and Power company. In addition to this, the business section of the city will be decorated with flags, streamers and bunting. The merchants are taking lively interest in the affair and will take the advantage of the opportunity to dress their windows in the national colors. Moreover, every public spirited citizen will take out the Fourth of July flag and hang it from his house in some conspicuous place.

The question of the time of the reception has not yet been decided. Secretary Claypool telegraphed Prof. T. B. Maulding to let him know at once the exact time that the start for home from Fort Riley will be made.

GOT A NEW HANDKERCHIEF?

To Be in Style and to Be Patriotic You Must Have A "Stars and Stripes" Handkerchief.

Got your patriotic handkerchief? Well, if you haven't, you are far behind the times so far as style goes.

Just in from New York this morning, they caused a furore of excitement down town—almost like a bargain sale. The women bought them, the children bought them, and even a few of the bravest of the masculine element slipped into the drygoods stores and purchased one.

And no wonder! They are the hit of the season, and go so well with "The Star Spangled Banner," or "My Country, 'Tis of Thee."

They are of a good quality of white silk with a red and white border of stripes. The corners are white and are sprinkled with the blue stars, so there you have 'em—the stars and stripes and your handkerchief right with you.

Another handkerchief that is "quite the rage" today has a striped red and white center. Around the white border the blue stars are assembled, and there you have them again—the stars, the stripes and your handkerchief.

CENTRAL DEFEATED

"BEARCATS" BEAT VISITORS IN A FAST GAME — 35-32.

PLAY PRELIMINARY GAME

Hopkins Public School Wins From the Normal Training Boys With A Score of 16-8.

The Bearcats again demonstrated their ability to play basketball, when they defeated the fast Central team in the Normal gymnasium, last night with a score of 35-32. The game started with a rush, Central getting the first field goal. The score was evened when "Gimlet" Scott threw a field goal and "Chido" Scott threw a free throw. From that time until the end of the first half the score was never very close. The half ended with the Bearcats holding the sunny side of the score, which was 21 to 16.

The second half saw Central brace up and outplay the Bearcats. They threw several goals while uncovered after receiving long passes. The floor work of the Bearcats was excellent. They were able to uncover themselves and to receive the short, quick passes well. They made fourteen points the last half, while Central made sixteen points. "Chido" Scott was removed from the game in the last few minutes of play, on account of making four personal fouls, and Hahn was sent in in his place.

"Gimlet" Scott played the star game for the Normal. He was especially fortunate during the first half when he threw several long shots. He lacked one goal of making as many during the first half as Central made in open play.

"Dad" Scarlett played an excellent game as did "Chido" Scott. During one of the intervals of the game one of the Central players remarked to his coach, "Those Scotts sure need watching." Hahn, who substituted for "Chido" Scott played a good game, and dropped in one field goal.

It is difficult to say just who, of the Central players played the best. They were all fine players and all dropped in at least one field goal. Ezell threw four fied goals and was good at throwing free throws. Ginn and Haw played fine floor games and threw three and two field goals respectively. Hestler, their happy guard, was injured during the latter part of the last half and Smith was sent in his place.

"Chido" Scott showed up in fine form on throwing free throws, getting eight out of ten tries. "Gimlet" Scott threw one out of two tries.

The line-ups were: Bearcats—"Chido" and "Gimlet" Scott, forwards; "Agnes" Garard, center; "Dad" Scarlett and Wells, guards; substitutions, Hahn for "Chido" Scott.

Central—Ezell and Ginn, forwards; Drace, center; Hestler and Haw, guards.

Free throws—"Chido" Scott, 8 out of 10 tries; "Gimlet" Scott, 1 out of 2 tries; Ezell 10 out of 14 tries. Referee, D. Keedy Campbell of Kansas City.

The field goals were thrown as follows: "Chido" Scott, 3; "Gimlet" Scott, 6; "Dad" Scarlett, 3; Ezell, 4; Ginn, 3; Drace, 1; Hestler, 1; Haw, 2.

The preliminary game between Hopkins public school and the State Normal Training school resulted in a victory for Hopkins, 16 to 8. The line-up was Hopkins: Lewis and Florea, forwards; Garrison, center; Miller and Laiplie, guards. Training school: Farmer and Roelofson, forwards; French, center; King and DeArmond, guards. Referee, Harold Staples of the Normal.

The Normal is scheduled to meet the Tarkio quintet tomorrow night in the Normal gymnasium. This game will be the last of the season for the Normal.

Maryville and Tarkio have always been rivals. Maryville has never defeated Tarkio twice in the same season but they stand a good chance of accomplishing the feat this year. They defeated Tarkio at Tarkio by a score of 30-14. Since then Tarkio has evidently improved as they defeated Central by the same margin as the Normal did last night. The scores were 31-28 and 35-32. A fast game is assured.

A marriage license was issued today for Harry S. McDowell of Clearmont and Georgie E. McCormick of Maryville.

Mrs. J. H. Yeates and baby of Pickering, were in Maryville on business Monday.

Wilson Endeavors to Convince Congress of Necessity of A Large Appropriation.

Special to The Democrat-Forum.

Washington, Feb. 22.—Far more serious than the war menace seemed the situation confronting the United States today because of the great shortage of food stuffs and fuel. Officials appear powerless to find a remedy for the conditions and Wilson is endeavoring to convince Congressional leaders of the urgent necessity of a large appropriation to permit a real probe into the reason behind the famine. In time of kidney danger Doan's Kidney Pills are most effective.

Plenty of Maryville evidence of their worth.

Mrs. K. E. Ratcliffe, 816 N. Walnut St., Maryville, says: "Every morning I used to get up with the most terrible backaches. It seemed as though my back would break. My head ached a great deal and I was awfully dizzy, too. My kidneys acted so frequently that my rest was disturbed many times during the night. I saw Doan's Kidney Pills so highly recommended that I got some at Love & Gaugh's Drug Store. They proved highly successful and removed the trouble. It hasn't been necessary for me to use a kidney medicine now for over four years."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ratcliffe had. Foster-Milburn Co., Props., Buffalo, N. Y.

In quoting a newspaper the dispatch says that this explosion was the worst of its kind since the war began. Thirty thousand persons are employed in the plant.

New Spring Suits

at $25 and $29.50

WE now have on display a wonderful assortment of the smartest suits ever displayed by this store. These are of the Wooltex and other high grade makes and are correct in every detail—styles—colorings—and refined beauty from every angle. And the most interesting part of this new assortment is the prices. These were contracted early and we are thereby giving you the same values at $25 and $29.50 that we gave last season—we are giving you, in every instance, better values than we could possibly give if they were secured on today's market.

The colors of these popular priced suits are Gold, Mustard, Navy, Jap Blue, Gray, Green and Fancy checks. Straight-line jackets with the fullness, wherever employed, confined by plaits, gatherings and belts give the correct youthful lines to these new models.

Large collars with a white top—collar of broadcloth or silk is a strong feature.

Cuffs, pockets, collars and belts with harness and other fancy stitching of silk thread in contrasting or harmonizing colors.

The majority of suit skirts are made on simple straight-line effects, and are shirred on the belt at the back. Pockets of the mannish effect are featured on the new style skirts. The skirts are from 2 to 2½ yards around at the hem.

Poplin, Serge and Gabardine are the materials employed in the creation of these new models at $25 and $29.50.

Other beautiful new suits at.....$18.75 to $47.50

Why don't you come in and see how youthful these new modes will make you look? There's no obligation to buy, though of course, the early choosers have the added pleasure of appearing stylishly and becomingly dressed the whole spring.

A CLEVER MUSICAL COMEDY

"This is the Life," Comes to Empire Theatre Tonight — The Cast Carefully Selected.

The management of the Empire Theatre takes pleasure in announcing the coming of one of the latest and best musical comedies, which will appear at the Empire Theatre tonight.

"This is the Life," promises to exceed the laughter limit with its clean, bright, wholesome comedy. It has been many years since the theatre-going public have had an opportunity to witness a musical comedy of this kind. Halton Powell considered to be one of the largest producers of musical comedies in the West, has spared no expense in launching this organization, selecting the best to uphold his years of reputation.

The cast, which has been carefully selected, are well known to musical comedy lovers, having appeared in the larger cities with well-known productions. The chorus of young and pretty maidens sing and dance gracefully Mr. Powell's brand of "girl" shows has never failed to please the most critical audience, because he is quick to anticipate the public wants and never disappoints.

"This is the Life," which will appear here for the first time comes well recommended and judging from the newspaper criticism of other larger cities it will be the best musical comedy that will play here this season. The scenic production is carried complete and the costumes are said to be magnificent. It is safe to say that you will not go wrong when you witness "This is the Life."

Don't sign your name to an agent's order for nursery stock when you can buy true to name stock near home. State inspected, fully guaranteed direct from the reliable Murray Nurseries of Oregon, Mo., and save agents' commissions.

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS

Poor Ventilation Causes Colds

A large manufacturing concern found poor ventilation in their offices caused their employees to have colds and that every cold meant a loss of $24.00 to the business.

How much do you lose when you have a cold?

You may be an employee, you both lose; it is expensive and dangerous.

A cold does not get well of itself. Take no chances. Eat right, avoid exposure and drafts.

When you feel dull and headachy, feverish, start sniffling and sneezing, tight chest and sore throat you have a cold that needs attention.

The first aid is an old reliable remedy that has been used for coughs and colds for nearly 50 years—Dr. King's New Discovery.

It has given years of universal satisfaction and those that have used Dr. King's New Discovery longest are its best friends. It is pleasant to take and it contains the ingredients that have proved best for coughs, colds, croup and bronchial affections.

Your druggist has it—he's sold it for many years.
